

Genicin Vita-D

7T Pharma, LLC

Genicin Vita-D**RECOMMENDED DOSAGE:**

Usual adult dose is 1 tablet once or twice daily or as prescribed by a licensed medical practitioner. If you are pregnant or nursing, ask a healthcare professional.

Genicin Vita-D contains the following inactive ingredients: Modified Cellulose, Dicalcium Phosphate, Vegetable Stearates, Silicates, and Glycerin.

Genicin Vita-D is used for dietary management of patients with unique nutritional needs requiring increased folate levels, Vitamin D deficiency or are in need of Vitamin D supplementation, and for other nutritional supplementation.

WARNINGS:

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

Genicin Vita-D tablets should only be used under the direction and supervision of a licensed medical practitioner. Use with caution in patients that may have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications.

PRECAUTIONS:**KEEP OUT OF REACH OF CHILDREN.**

Tamper Evident: Do not use if seal is broken or missing.

Tell your doctor if you have: kidney problems, thyroid disease. This medication should be used as directed during pregnancy or while breast-feeding. Consult your doctor about the risks and benefits.

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B12 is deficient. Folic acid supplementation may obscure pernicious anemia, in that hematologic remission can occur while neurological manifestations progress.

Genicin Vita-D is supplied in:

30ct bottles (70645-401-30*)
